

# National Animal Poison Prevention Week

March 19-25 2023

## DOS AND DON'TS FOR PET SNACKING

*Think Safe!*

### What can be poisoning my pet?

There are a number of foods pets should not consume.

These are some of the most common **DON'TS**:

- Grapes
- Chocolate
- Gum
- Onions
- Mushrooms
- Garlic
- Raw Meat

### How to spot the signs:

- Vomiting
- Diarrhea
- Seizures
- Lethargic

### What to do if your pet has ingested something it shouldn't have:

- Call animal poison control: (888)426-4435
- Consult with your Veterinarian
- Emergency Animal Hospital

### Safe Pet Snacks

- Apples
- Watermelon
- Pumpkin
- Green Beans
- Carrots
- Peas
- Blueberries
- Bananas
