

Patient Safety Policies

THESE POLICIES ARE IN PLACE AT OUR HOSPITAL TO GUARANTEE A SAFE PLACE FOR YOUR PET AND FOR YOU.

All dogs should be on a leash

No retractable leashes please! (If you do not have a regular leash, we will provide you with a slip leash to use during your visit.)

All cats should be in a carrier for their safety.

If you do not have a carrier, we will add a cardboard carrier to your visit for the day.

Out of respect for client and patient privacy, while in exam rooms, please leave phones in a pocket or purse and off during the duration of your appointment.

Please ask us if you have any questions.
